

H-Type

Model 32-PG

with glass filling

multitech
digital signage solutions

optional:
base plate made of stainless steel

The H-Type is a professional information and display system for a wide range of applications.

The model 32-PG (display in portrait format with glass filling) is a freestanding device which has 2 stainless steel side supports, a 32" display board for 24/7 operation and 2 floor plates. The display is protected with tempered 6mm glass.

The cable routing is in the device and not visible from the outside. The cable entry is from the bottom or from the back of the unit.

The device can be equipped with a digital signage player. Various models in different designs are available.
